## JOHN F. GAYNOR REGAINS LIBERTY

BROKEN IN HEALTH HE LEAVES  
FEDERAL PRISON AT ATLANTA, GEORGIA.

Says That His Fortune of Half a Million Dollars "Has Gone to the Devil."

Atlanta, Ga., March 24.—Decrepit and broken in health by illness and long time in prison, John F. Gaynor, who, with Benjamin D. Greene, was convicted of embezzlement from the government in connection with harbor improvement at Savannah, took the paupers oath late today and walked out a free man. The oath released Gaynor, as it did Captain Greene from any obligation to pay the government the \$575,000 fine imposed on them in connection with their prison sentences.

It also marked the end of the Greene-Gaynor litigation in the United States courts which has extended over twelve years.

When Commissioner Colquitt announced that he was free, Colonel Gaynor acted dazed.

"And I don't have to go back to jail anymore, eh?" he inquired.

As Gaynor turned to leave the stand his attorney, T. B. Felder, asked him where he was going.

"To get something to eat," was Gaynor's laconic answer. He will spend the night at a local hotel and leave for his home at Syracuse, N. Y., some time tomorrow.

Gaynor's hearing was brief, only the perfunctory questions necessary to show that he had no money or property concealed, being asked. Several times he forgot himself in his answers. At one time when assistant District Attorney Erwin sought to identify him as the same man who was indicted, tried and sentenced for embezzlement and other charges, Gaynor broke in with:

"Yes, Yes, they accused me of many things that I know but in the — little about them."

Again, when asked about his fortune and the disposition, he replied that it had all "gone to the devil."

New York, March 24.—Benjamin D. Greene, the contractor convicted with F. Gaynor of defrauding the government out of thousands of dollars in connection with the improvements to the harbor of Savannah, returned to New York, this afternoon a free man, having served in federal penitentiary at Atlanta a sentence of four years.

Greene said he would remain here and await Gaynor, who was released today.

**BRODERICK NOT GUILTY.**

Illinois Senator Acquitted of Charge of Selling Vote.

Springfield, Ill., March 24.—"Not guilty," was the verdict returned by the jury in the Broderick bribery case this afternoon, after being out twenty two minutes.

The trial of Senator Broderick has been in progress since Monday of this week. The case was one of the many alleged bribery cases in which members of the general assembly were indicted for alleged vote-buying. John Broderick was charged in "a dictum returned by the Sangamon County grand jury of having given to former state Senator D. W. Holtzlow \$2,500 for his vote for William Lorimer for the United States senate.

The defense introduced evidence to show the unreliability of Holtzlow as a witness, testimony of Walz, Jandanus and Peters to the effect that no money changed hands at the meeting of Broderick and Holtzlow, the denial of Senator Broderick of the conversation at the St. Nicholas Hotel and the alleged attitude of the Chicago Tribune to destroy Lorimer.

**STRIKE IS SETTLED.**

Queen and Crescent Firemen Expect to Return to Work Soon.

Washington, March 24.—Representatives of the conductors, firemen and locomotive engineers on the Cincinnati, New Orleans and Texas Pacific Railway, who have been striking because negro firemen are alleged to have been given preferred runs on the road, reached a tentative basis of settlement with the railway through the national mediation board today.

The details of the arrangement were not disclosed, it being decided to make them public when submitted to a meeting of the General Committee of the strikers at Cincinnati tomorrow. President W. W. Finley, of the Southern Railway, acting for the subsidiary company involved in the strike, approved the basis of settlement as suggested by Justice Martin W. Knapp, of the United States Commerce Court, who was the sole representative of the National Mediation Board present.

W. W. Curtis, of Smithville, Texas, Valentine Fitzpatrick, of Columbus, O., and Edward Carrigan, of Cleveland, O., who represented the conductors, trainmen and engineers, respectively, at today's negotiations, left for Cincinnati tonight.

**EXECUTIONS DENIED.**

Report of Shooting of Four Americans Proves to Be Untrue.

AGUA PRIETA, Sonora, Mex., March 24.—Reports sent from this vicinity that four Americans captured with the insurgents during the recent battle here were executed by the Mexican authorities, are not true. At the time the reports were being circulated the Associated Press dispatches from Douglas and Agua Prieta stated there was no foundation for them.

The names of the men supposed to have been executed correspond with those of well known Douglas residents, but none of them has been imprisoned or executed. Only one American was held among the thirteen prisoners in jail here and he was a civil prisoner and later was released. The Mexican prisoners taken at Agua Prieta were sent to Hermosillo for trial.

The men ask an increase of from 15 to 25 per cent, while the railroad has offered an increase of about six per cent. The telegraphers now receive from \$57 to \$80 per month.

**BOSTON BEATS NEW YORK.**

Augusta, Ga., March 24.—Fred Tenny's bunch of Boston Nationals defeated the New York American League team this afternoon, 5 to 2. Hal Chase, manager of the Highlanders demonstrated at the start that he wanted the game by sending Maek Quinn into the box, but the hammering he received brought young Caldwell to succeed him, he proving more effective from the fifth inning. Two pitchers also used by the Nationals, Frock, succeeding Brown.

**HILL SEES RECIPROCITY.**
